

## Price schedule for Network Tasman: effective 1 April 2017

The prices in this schedule are used to charge electricity retailers in the region served by Network Tasman. Electricity retailers determine how to allocate this cost together with the energy, metering and other retail costs when setting the retail prices that appear in your power account.

### Understanding the table below:

Most residential consumers and some small businesses (those who have supplies with a maximum delivery capacity of 15kVA) are Group 1 consumers. Group 2 consumers have a delivery capacity of between 20kVA and 150kVA.

Price description	Connections with this price	Units	Distribution price 2017-18	Transmission price 2017-18	Total price 2017-18	Distribution price last year	Transmission price last year	Total price last year
