Subject: Network Tasman Trust

I would like to make a submission into the review of options for ownership of Network Tasman Limited.

My submission is to support and agree with the unanimous recommendation of the directors, which is also the Trustees preference, that the existing consumer trust ownership be maintained. This existing arrangement has served our community perfectly well, and should be continued with.

I don't need to be able to address the Trustees at the proposed public meeting.

Thank you.

Kind regards
